

# Beverage **Easybar**<sup>®</sup> Management Systems

## **C**OMPUTERIZED **L**IQUOR **C**ONTROL **S**YSTEM

**Easybar**<sup>®</sup> CLCS II is a fully computerized beverage dispensing system which:

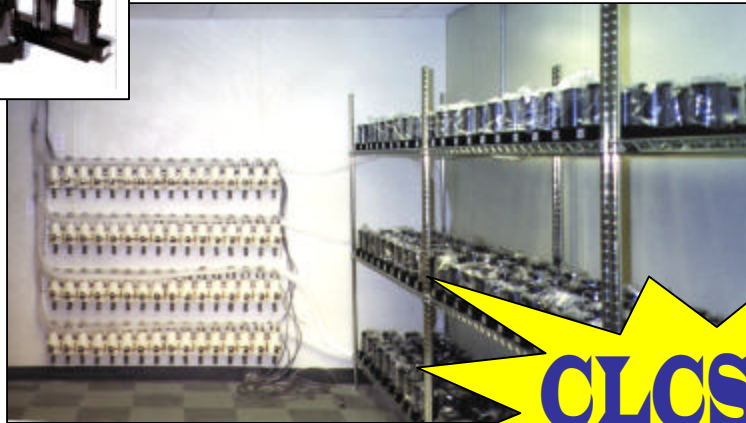

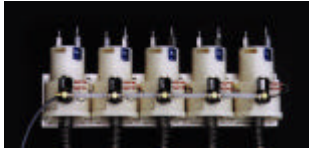

- **CONTROLS** beverage pour sizes.
- **IMPROVES** bartender speed.
- **ENSURES** perfectly portioned drinks and cocktails.
- **PREVENTS** product loss by eliminating overpouring, spillage, breakage & theft.
- **ACCOUNTS** for all beverages dispensed through the system.
- **BOOSTS RECEIPTS** by lowering costs and increasing accountability.

**CONTROL YOUR PRODUCT - CONTROL YOUR PROFIT!**

**Portion Controlled Beverage Dispensing for  
Liquor · Beer · Wine · Soda · Juice**

19799 SW 95<sup>th</sup> Avenue Suite A • Tualatin, OR 97062 • 503-624-6744 • [www.easybar.com](http://www.easybar.com)

JAN 2006

## EASYBAR CLCSII BULK LIQUOR DISPENSING

Beverages can be dispensed from any combination of guns and / or towers. Up to 128 brands of liquor plus cocktails dispense from any number of bartender stations. By simply pressing a single button, up to five ingredients can be simultaneously dispensed. Controls for liquor dispensed directly from the bottle as well as soda, juice, beer or wine can be added to this system.

## SECURE BACK ROOM

Easybar systems prevent unauthorized access to liquor. Installations are tailored for existing space requirements. Our positive displacement pumps never allow air to touch the product and prevent runaway liquor. Any required bottle reserve is possible with our connectable single- to four-bottle manifolds.

## POINT-OF-SALE INTERFACING

Easybar CLCS II can be programmed to ring up your compatible Point-of-Sale system AS DRINKS ARE BEING DISPENSED. This option adds to bartender speed and provides the highest level of accountability. Contact EASYBAR or your Point-of-Sale vendor for compatibility and available features.
