

Beverage Easybar® Management Systems

Portion Controlled **COCKTAIL STATION**

Simultaneously dispense liquor, juice, soda and mixers in perfect portions at the touch of a button.

- **CAPACITY!** Easybar cocktail towers can dispense up to 48 liquors plus up to 10 juices / sodas.
- **SIMPLICITY!** Cocktails of up to five ingredients – including liquor, juice, soda and mixers – dispense at the touch of a button.
- **SPEED!** Ingredients dispense simultaneously to cut dispense time.
- **ACCURACY!** All ingredients dispense in accurate portions ensuring perfect cocktails & mixtures every time.
- **ACCOUNTABILITY!** Easybar software tracks all dispensing & CLCS can interface to ring up any compatible Point of Sale system as drinks are being poured.
- **SAFETY!** Easybar CLCSII-T is certified to ANSI/NSF 18.

Portion Controlled Beverage Dispensing for Liquor · Beer · Wine · Soda · Juice

Easybar towers dispense complete cocktails at the touch of a button!

Easybar® CLCS II is a fully computerized beverage dispensing system designed to:

- Control beverage pour sizes
- Increase bartender speed and accuracy
- Prevent liquor loss by eliminating over-pouring, breakage, spillage & theft
- Account for all liquor dispensed

The liquor supply is stored in a secure back room and pumped to any number of bartender stations. Up to 128 brands of liquor dispense from guns and/or towers. Cocktails may contain up to five ingredients – each with its own pour size – and can also dispense at the touch of a single button. Bartender stations can be polled with an office computer to account for every drink poured through the Easybar system. Add Point-of-Sale interfacing and the CLCS will ring up every drink dispensed on compatible POS systems.

The **Easybar®** family of dispensing equipment includes...

Liquor & soda gun systems...

Cocktail server stations ...

Controlled backbar systems...

Beer & wine controls...

Any Easybar dispenser operates alone or in conjunction with any other Easybar equipment & can be interfaced to automatically ring up most major Point of Sale terminals as your drink is pouring!
